Episode 31: Fated Battle Against Fujino
=====

Hours passed since Christopher and his allies defeated Ryoko and Hyo; Fujino decides to go up to the Amakumaras' household and destroy Christopher and his allies. Yumi Eto tries to stop Fujino from going through with this.

Fujino: What are you doing here, Yumi? Get out of the way!

Yumi: I think you should let them come to you; you're underestimating those Raikens and Suikens. If you're not careful, you're going to be destroyed.

Fujino: This is your last chance; get out of the way or I will kill you. Those people are going down; they are powerful but they are nothing compared to me.

Yumi: No.

Fujino: You leave me with no choice.

Fujino stabs Yumi Eto in the stomach and blew her out of her hideout.

Fujino: Now with her out of the way, our main focus will be on destroying these demon hunters. If any of you motherfuckers have any objections with my plan, you'll suffer the same fate as my retainer.

Low-Level Demon: (feeling scared.) No, no objections at all, Lord Fujino.

Fujino: Good. Let's go get them at the Amakumaras' household.

Hours passed Christopher and his crew were able to be healed by Lisa. Then, Maxelle's rod began to vibrate; it was wind energy.

Christopher: What's wrong, Maxelle?

Maxelle: Fujino's here.

Christopher: She is?! How?!

Natsuki: We have to fight them.

Christopher: Are you and your sister fully healed?

Natsumi: Yes. Let's go fight them off.

Christopher and his crew goes outside the mansion gates to fight against Fujino and her low-leveled demons. There were 20 low-leveled demons alongside Fujino and they were all men; Christopher's crew consists of Maxelle, Iris, Ruth, the Meguras, the Hamatsus, the Amakumaras, Alcoa, the Foxes and Damien.

Christopher: Why the hell am I not amused to see you here, Fujino? Why won't you just leave this place? It'll save me a great deal of effort once I destroy you.

Fujino: That's not going to happen, westerner. You Raikens are carrying a dangerous power; that disturbs me. So, I'm taking it upon my responsibility to make sure that you Raikens will never live again.

Christopher: As if, Fujino. We've got powerful since our last encounter; so, we're going to stop you from wreaking havoc in Japan. That'll make us even.

Fujino: You wish. Get those fools!

The Masons and the Amakumaras fought against Fujino; while the rest of his crew fought against Fujino's low-leveled demons. After five minutes of fighting, the crewmembers of Christopher were able to defeat Fujino's low-leveled demons. The Masons and Amakumaras were still fighting against Fujino. They were fighting at an equal level to her.

Fujino: You're really good for demon hunters. It's such a shame that you're going to die here, now.

Christopher: That's not going to happen. Ready, Ruth?!

Ruth: Yes, let's finish this fight.

Christopher and Ruth used their forbidden Raiken attack (Yin/Yang Tandem Beam) against Fujino's wind barrier. That attack was struggling to breakthrough her wind barrier; so, the Amakumaras used their forbidden Suiken attack (Water Dragon Blast) to increase the voltage of the Masons' Raiken attack. Fujino was defeated and vaporized by those attacks.

Christopher: I guess you were wrong about us again, Fujino.

Lisa: (comes into his arms and cries.) Christopher!! Thank God you four are alright.

Natsuki: That was nothing.

Christopher: I'm with her on this one, Lisa. (he falls out.)

Lisa: Christopher!

Ruth: He's alright; he needs to be a bit more reserved on using his Raiken powers.

Christopher had to be carried back into the house by Koga and Lisa healed him.
