

=====
Episode 7: Hikari Appears
=====

The next morning, Christopher, along with Andrew, Omar, Linda and Heather arrived at the Council's headquarters to see Alice Smith.

Lisa: Christopher, you're back.

Christopher: Sorry to keep you waiting; where's Ms. Smith at? We were able to locate Hikari.

Maxelle: You have? Where is she?

Omar: She's in Delaware; we have no idea where in Delaware she's in.

Iris: Figures. Anyway, let's go there to find them.

Christopher: Without confirmation from Ms. Smith?

Tiffany: I'll tell her about this; just go on ahead and assemble your crew to fight against Hikari and her minions.

Christopher: Ok.

Christopher assembled his crew to go to Delaware to combat Hikari. His crew consists of Maxelle, Iris, Ruth, Andrew, Omar, Linda, Heather, The Meguras and Lisa. They drove off to Delaware in an econoline van, similar to Leo's van. Inside the van, Christopher was feeling down that he's going to Delaware.

Lisa: Is something the matter, Christopher?

Christopher: No. Who am I kidding? I can't believe Hikari's going to Delaware.

Linda: I don't know why you're surprised. To be honest, I don't know why she would come here in New England.

Christopher: Man, I quite positive that she'll head to Delaware University to wreak havoc there.

Heather: That's why you've decided to come with us?

Christopher: Yes. I'm just want a little redemption for what happened five years ago.

Linda: We don't want to hear about your disgruntled past; just try to focus on the mission, Chris.

Christopher: It's Christopher.

Linda: Whatever.

The driver stops at a gas station near the New Jersey/Delaware border.

Driver: I'll go on ahead and get some more gas for this van. You can come out now.

Christopher: Ok.

Iris: Took them long enough; I'm sure that these demons affiliated with Hikari could be anywhere. We mine's well search for them across Delaware.

Maxelle: I wouldn't go that far to search for them. Other than that, let's just focus on finding them in this region.

Then, Maxelle's stomach was growling.

Maxelle: I guess we need to eat first before we search for them.

Christopher: Fine by me. (sees that they had a Wendy's Restaurant.) I'll eat here; want to join me?

Iris: Sure, why not.

An hour passed since Christopher and his allies ate some food to replenish themselves and the driver stops at a hotel near Wilmington.

Driver: Let's stop here and rest for the time being.

Christopher: What for? We need to head to Newark.

Driver: There's no need. Besides that, we need to tell the Council to send us the coordinates to track Hikari.

Lisa: Come on, Christopher. Let's go on in and get some rest.

Christopher: (feeling upset.)

The next morning, Christopher got up early and sees if the driver was able to locate Hikari.

Driver: You're up early. What is it?

Christopher: I was just wondering if you found Hikari yet.

Driver: I was able to find her; she's outside Wilmington's city limits.

Christopher: What? She's right in my hands; ok, it seems like this worked out pretty well.

Driver: I think we should wake up the others; I doubt you want to take her on all by yourself.

Christopher: (leaves.) You can go on ahead and do that; I'm not letting her off the hook again.

Driver: That idiot!

Christopher was able to find four low-leveled demons affiliated with Hikari near a gas station.

Christopher: Where's Hikari?

Low-Leveled Demon #1: Right here, motherfucker. (pulls out a knife.)

Christopher was able to cut off his hand where he had the knife and fought and killed the rest of the demons. The owner of the gas station was shocked to see that from Christopher; so Christopher ran out of his sight.

Christopher: Damn, that was close. I swear Hikari's really smart; I can't return back to the hotel fearing that the cops may get to me before we fight against her.

Then, Christopher sees a van. It was Maxelle and the driver. As you can see, Maxelle was angry with him for running off into danger in that way.

Maxelle: What the hell is wrong with you?

Christopher: Sorry, Maxelle. There just wasn't an hour to lose in finding Hikari; I think she's getting something to increase her power.

Maxelle: You gave away our position.

Then, Maxelle's rod was vibrating. She was shocked to see that it was Hikari, the Fire Demon.

Hikari: What a surprise. I wasn't expecting a Raiken here.

Christopher:

Maxelle: Christopher.

Christopher: I'm going to defeat you, whether you like it or not.

Hikari: I would like to see you try that; I'm shaking in my boots.

Christopher: You bitch!! (he rushes at her.)

Maxelle: No, Christopher. Stop!

Christopher and Hikari fought. After a minute, Christopher was struggling to get close to her; she was firing Phoenix Bullets at him and Maxelle had to protect him. She extended her rod to knock Hikari away from Christopher.

Maxelle: Come on, Christopher; let's get out of here!!

Christopher: But I can still fight!

Then, the police appears and they were shooting at Hikari.

Christopher: Shit. Get away from her, you fools; she's about to attack!!

Christopher had no other choice but to use his Shadow Hiding magic to bring Maxelle, the driver and his van out of Hikari's location and back to the hotel. Hikari used her Phoenix Scattershot to burn up the police officers alive.

Hikari: Yet another waste of my time.

Meanwhile at Christopher's location, Maxelle was upset with him for challenging Hikari alone.

Maxelle: I'm ashamed of you, Christopher. I can't believe you did that!

Christopher: Don't be so modest, Maxelle. I had to do something.

Maxelle: (slaps him.) You're an idiot; you were that close to being killed by her that you became too overconfident with your power.

Maxelle and Christopher were staring at each other, angrily. Then, Lisa and Iris appear.

Iris: Maxelle! Christopher, get away from her!

Christopher: No, I - - I'VE HAD IT WITH YOU, MAXELLE!!!

Then, Iris knocked him out. He was using his White Lightning powers while he was fighting against Hikari.

Iris: So, he used that power?

Maxelle: Yes. He's not going to beat Hikari using those powers; if he loses himself, he'll lose his life by that fiend.

Lisa: Did you hurt him?

Iris: Not that much; just only to restore his senses.

Lisa:

Maxelle: Lisa, you need to keep a close eye on him and that anger of his. It's going to be a detriment for us to defeat Hikari.

Lisa: I will.

Meanwhile at Delaware University, Hikari appears there to search for a lost artifact; along with her was Trevor Iams.

Trevor: Boy, am I glad to see you.

Hikari: Where's the Death Star at?

Trevor: In the History hall at Mr. Mitchell's office.

Hikari: Ok, take me to him.

Then, two security guards were able to stop them from entering.

Security Guard: What are you doing here? Are you two students here?

Hikari: No, I'm just passing by to get a rare artifact from Mr. Mitchell; it's called the Phoenix Death Star.

Security Guard: What?!

But before the guards could pull out their guns, Hikari killed them with her Phoenix Bullets. Then, she went into Mr. Mitchell's office and obtains the Phoenix Death Star. Once she got it, her fire powers were increasing and she blew up the History hall - killing hundreds of people in that building.
