

Chapter 1: Introduction/The Hero's Return

Six months have passed since the defeat of the Angra Maniyu. This area, Fuyuki City and Misaki Town's recovery is going according to plans; special thanks to a man by the name of Utan Enhada. Now, he's in the greatest adventure in another uprising of greater evil.

Utan and the others play soccer. On Utan's team, he had Sakura, Akiha, and Rider. On Komane's team, she had Arcueid, Ciel, and Shiki Tohno. Eight could play on each team. To Utan's surprise, Rin and Saber didn't want to play.

Caster: This is a 30-minute game. Whoever wins the coin toss will have the ball first. Komane, heads or tails?

Komane called "tails". When it landed, it was "heads". Therefore, Utan's team will have the ball first. He wasn't going to play the goalie. When he kicked the ball to Sakura, she was in perfect position to score; but Ciel tripped her. The ball went out of bounds. He became upset at Ciel for doing that to her.

Utan: Sakura, are you alright?

Sakura: Yes. I'm sorry, Utan.

Utan: You did very well. Come on; we'll get them the next time. (he senses some animosity between Arcueid and Ciel.)

After his discussion with Sakura, Utan was slowing down the tempo of this game that it frustrated everyone except Sakura. Few of Komane's teammates tried to use every cheap trick to get him out of position and rattle him every time anyone kicks the ball to his direction. Then, Komane accidentally tripped Utan and landed flat on his face when he was trying to get the ball.

Komane: Oops.

Utan: (had dirt in his mouth and spit it out. Sarcastically speaks.) Thanks, Komane.

Sakura: Are you alright?

Utan: Yes, I'm alright. You saw those people attacking me; I'm quite positive Rider has been the only person able to back me up. I thought we were playing soccer not football.

Kohaku: Time.

At halftime break, Utan was drinking water to calm himself down. He knew that this was going to be an ugly game. He accidentally splashed water on one of his teammates. It was a female the same long hair as Akiha but wasn't as mean-spirited as her. (Azaka Kokuto)

Azaka: Hey, watch it.

Utan: I'm terribly sorry.

At the second half, both teams were unable to score. Sakura kicked the ball to Utan; he was busy trying to get into position, but Ciel was disrupting Utan's timing that the ball hit him straight in the eye. Then, game went out of hand when Ciel kicked the ball straight at Akiha. It was aiming at Akiha's face; he felt the velocity. Utan was able to come to Akiha's aid and knocked the ball straight into the sky. When it came down, he caught the ball and was kicked by Komane into the net along with Akiha.

Komane: GOOOOOOOOALLLL!!!

Akiha: Get off me. (kicks him in the kidney.) You idiot; you should have played goalie.

Utan: You saw what just happened back there. (he was able to stop himself from saying "What if that was you in my place? You could have been injured.") Nevermind, that's what happens when you break the rules. Now - - - (someone kicked a soccer ball straight to his face.)

Ciel: That was for what happened yesterday.

Utan: What? I said I was sorry. (sees that his nose was bleeding.) My nose!! (his left ankle was broken again.)

Ciel: Serves you right.

Utan: (grabs her by the ankles as she tries to walk away.) Come back here.

Hisui: Ok, the - - - the game is over. Komane's team won.

Utan: No, it isn't. Ciel, you made the game even more interesting for what you just did.

Ciel: Let go of me.

He was able to block her kick and grabbed her shorts she was wearing. He wanted to grab her calf as she tried to kick him again; he reached a bit higher.

Utan: Ok, that wasn't supposed to happen.

Ciel: Utan!!

Utan runs away from Ciel. As he tripped on his shoelaces, he fell down.

Arcueid: I guess this must be my cue. (clenches her fists.)

Arcueid goes over there to help Utan. However, Utan was on to her. When she tried to attack Ciel, Utan pushes Ciel away from Arcueid. He was able to catch her fist and tried to throw her. Instead, he grabs the sleeve of her shirt and ends up taking it off entirely as Ciel kicked him. Once again, he wanted to grab her hand but he lost her grip on Arcueid's arm at a split second.

Utan: (was in shock.) Oh shit.

Ciel and Arcueid sky uppercuts Utan. He was carried off on a stretcher by Hisui and was knocked out for an hour. At 8:30 pm, Utan just got through with his volunteer work; he was discussing his mishaps with Seo Akira.

Utan: I did excellent today. Do you agree?

Akira: Of course, you did well. Why are you doing this by the way?

Utan: It's not only for the youth, it's also for Arcueid, Akiha, and Ciel. Even after we destroyed the Angra Maniyu, they're still fighting over Shiki's heart. Are you?

Akira: I hardly even know him.

Utan: Sure you do. Karma is not on my side this summer; the past three days were an indication. I made the right move to have Arcueid and Akiha playing as goalies.

Akira: I think you should have had Arcueid on your team.

Utan: Yeah, right. That wouldn't be fair for the others.

He has these flashbacks of what happened. Monday, Ciel decided to throw a beanball at Arcueid. He had to stop Arcueid from charging the mound in the process of getting his nose being broken. Tuesday, they play volleyball and he almost spiked the ball at Ciel. Arcueid was laughing at her despite the fact that they were on the same team; his ankle was caught by Akiha's foot and hurt by preventing Arcueid and Ciel from fighting again and then ends up landing face first into Ciel's chest while she was also caught by him. Today as you just saw, they played soccer and Ciel decided to kick the ball straight at Akiha. He ended up breaking his right hand trying to save her.

Utan: Tomorrow, I'll try to introduce a new sport to them without any broken bones from either of us. (thinks.) Ok, let's introduce them to football.

Akira: (Surprised.) Football? Isn't soccer football?

Utan: No. English Football is soccer; American Football is football.

Akira: (confused, but she was able to catch on to what Utan was implying.) Are we playing rugby?

Utan: No, American football. I guess you're not familiar with the Oakland Raiders.

Akira: Why that?

Utan: I hope that we can play this without any broken bones. I'm only showing the offensive side of football; it may take weeks for them show the defensive side.

In the trees, someone from the MageCorps threw a halcyon star at Utan.

Utan: (senses someone's presence.) Look out! (Utan catches the star with his cast on his right hand. After that, he and Akira see someone behind him.) Stand back, Akira.

???: You're Utan Enhada, are you?

Utan: Yes I am, why?

???: Capture him.

Utan was able to beat those people in the process of having his cast removed. The only one remaining was the masked man and gets out a light bomb.

Utan: Who are you?

???: That's none of your business. Here's your going away present.

The masked man throws a bomb at Akira. Utan uses the power gauntlet to slow time, stops the bomb from detonating, and throws it back to the masked man. As the bomb approached him, the fuse re-lit. He runs away from it, but he was blown away from its surge from ten feet away.

Utan: Let's see who that person is. (saw a halcyon design on his pants and rushes to him and takes off his mask.) Nicholas? Hey, Akira - - - (he realizes she ran away.) They run; THEY ALWAYS RUN. (picks up Nicholas and heads to the Tohno mansion.)

In his room, the person Utan knocked out was Michaelis's twin brother, Nicholas. Along with Rin, Kohaku, Hisui, Len, Komane, and Caster, Utan checks him out.

Utan: It's been three years since I heard that name. MageCorps.

Caster: What is MageCorps?

Utan: That's one of the last names I ever want to hear. It's a developmental center for magic users of any kind. The person who's leading them is a total jerk; his name is Martellus Lee Uugoh. I ended up nearly killing him for what he did to my family because of his power hungry attitude; it angered me so much to be led by that. Now, he's lost one of his eyes.

Rin: . . .

Utan: Ever since I defeated him, they've been struggling to be the fourth major branch along with your respected organizations. They've been killing potential threats towards them in order to gain power to compete with them - mainly the Mage Association, as if they're doing population control.

Nicholas wakes up.

Komane: Nicholas.

Nicholas: Where am I? (he sees Rin and attempts to kill her.)

Utan knocks out Nicholas.

Rin: Are all these people like this?

Utan: No. I'm quite positive he was under someone's control. (holds a transmitter.)

Komane: Huh? What is that?

Utan: This was inside his body. I'm guessing someone forced him to hunt me down.

Kohaku: I'll continue to examine him thoroughly.

Utan: Good. Oh, I almost forgot about tomorrow.

Komane: What is it?

Utan: You'll find out. It's a surprise. (sees that it's 10:00 pm.) Good night, everyone.

Everyone left Utan's room except Komane.

Komane: That design. Is it actually the MageCorps?

Utan: Looks like it.

Komane: So, what are you planning to do tomorrow about this?

Utan: Nothing for the time being. We're introducing American football.

Komane: What? Clearly - - - I'm sure that they even know what that is.

Utan: I was going to introduce basketball to them; too much supply and demand from that sport.

Somewhere in the Pacific Ocean, a huge cruiser was out at sea. It was the people from MageCorps. A swabber was watching a prison guard carrying two prisoners into Duodon's room. It was none other than Kilitia and Samari.

Prison Guard: Get back to work, slacker.

???: I'm sorry, my apologies. (accidentally splashed water on the prison guard's pants.)

Prison Guard: Clumsy oaf; You poured water on my new pants.

???: Oh no. I'll clean it up.

The guard kicked her off as she tried to clean off the water on his pants.

Prison Guard: You're an idiot. I'll - - - (sees Marty Uugoh appear.) Oh, sorry sir.

Marty: What are you doing? You didn't assault one of my members?

Prison Guard: No, sir. It won't happen again; I promise.

Marty: I'll make sure that it won't. (fires a eye laser at the man's arm. He eyes on the swabber cleaning up the floor in this area.)
Continue.

He enters the war room along Dudley and Duodon Gemini, Gideon, Rex-III and the infantry.

Scout #1: Commander Uugoh.

Marty: So, why have you called me here?

Dudley: It's Utan, sir.

Marty: What about him?

Dudley: He's killed one of our units in No Man's Land that was led by Nicholas Rosso.

Marty: Utan's in No Man's Land? What is he doing there?

Vindicator: We were able to find out that he was able to defeat the Angra Maniyu, six months ago.

Duodon: That's impossible, there's absolutely no way he could possibly survive in that area. Heh, I wouldn't even last a minute there.

Rex-III: He happens to be the first. He's clearly not the same Utan you once fought against; he's become stronger.

Marty: Rex, you actually think he's stronger than me? In case you forgotten, I was able to get one of the elite's items in my possession as well. (It was in his left eye.)

Rex-III: Uh - - - yeah.

Vindicator: Ok, we found his location. Colonel White is in perfect position to mow him down along with Nathan.

Duodon: That fag. I can't believe that he chose that man over us.

Marty: (looking at Duodon with his jeweled eye.) Are you questioning my authority, private?

Duodon: (becomes scared.) No, sir; my mistake.

Marty: Good. This conversation's over. We will make our arrival to No Man's Land by tomorrow; your first day there could be your last.

They leave the war room. Duodon and Dudley were walking into the mess hall.

Duodon: I hate Colonel White. Clearly, he's not even anywhere within Utan's fighting level.

Dudley: Patience. We'll have our turn soon enough. Do you want anything to eat?

Duodon: No, the food here sucks. I'll eat something else.
