

Chapter 17: The Trustbuster and the Omega Destroyer

Utan was training his Tenchi No Kuuga so he won't tire out when and if he fights against Zepia. It was almost nightfall, Caster and the others were successfully able to remove and destroy the infected area of Fujino's small intestine. She was carried off to the hospital. He also knew that Ugoh and his crew were going to be after her. So, Maiya, Touko, Rin, Ivan, and Komane were safeguarding her outside and inside her room. At Utan's location, he was heading over to Ryougi's house to what she was doing. When he knocked on the door, he was surprised that it was open. He enters the house.

Utan: Hello! Is there anyone home? (He felt her presence nearby and grabs her hand with a knife aimed at right side of his neck. Luckily, he was able to stop her attack.) It's you.

Ryougi: Sorry, I thought you were a rat.

Utan: (insulted.) Ok. (he lets go of her hand.)

Ryougi: What are you doing here anyway?

Utan: To see what you were doing, is that a problem?

Ryougi: . . .

Utan: (he sees a picture of Mikiya.) Mikiya?! (he picks up the picture of him.) When was this? Is he - -

Ryougi: No, he isn't the same Mikiya you've fought against. (gets the picture away from Utan.)

Utan: (becoming a little irritated by the way she took that from him.) Where is he?

Ryougi: He died two years ago.

Utan: From what? (sees that she was becoming annoyed slightly by that question.) I see you don't want to talk about it. I'm sorry that I - - -

Ryougi: There's no need to apologize. That's all from the past.

Utan: (a little upset.) I understand. His death upset you, didn't it? (Ryougi was becoming angered.) You can't hide anything from me and continue to keep it bottled within you.

Ryougi: Why you - - - you don't understand anything.

Ryougi attacks Utan. Utan was able to stop her attack. He was becoming upset.

Utan: You're the one who doesn't understand. Hundreds of people's lives have been scarred, damaged, and even taken away this year. I was supposed to help them recover; humans, like Zoukenou and Ugoh, have taken that away from them and defamed us for who we are as heroes. I'm not tolerating that from you either. Your pain and anguish happens to be mine, as well. (he lets go of Ryougi's hand.)

Meanwhile at the hospital, Fujino was feeling sympathy for Utan.

Maiya: What's wrong? Feeling a bit uneasy about Utan?

Fujino: No.

Maiya: I can see it in your eyes. You can't hide it from me.

Fujino: . . .

Maiya: I too had that same feeling from Utan - - - fear that he might become succumbed by his own power, fear that he might

destroy the entire world for all who wish to fuel his thirst for blood and justice for order on earth. You have no reason to fear his power, just like you once feared your own power when the darkness within you was destroyed by him. He wanted to become the savior the people here need during these tumultuous times. He pushed himself harder and harder. But he wasn't alone. He had the auras of everyone to invigorate his strong will and determination. His memories of all the friends and enemies he's made here fuels his intentions. The hearts and ambitions of many - good and evil - fuel his obsession and temptations between them. In every way imaginable to humanity, he must restore peace and destroy those who wish to take it away from them. He will not rest until he's performed and delivered his duties with everything he stands for.

Fujino: . . .

Maiya: Just consider; you have no reason to fear him now that you see what he's capable of. (heads outside.)

Back to where Utan was, he and Ryougi were sleeping together. Utan was able to forgive her for what she just did.

Utan: (looks at her while she was sleeping. Thinking silently.) Just so innocent. Any females other than Rider, Ciel, Satsuki, and Arcueid - - - better yet all of them have never driven me. (he was able to control himself from becoming too fond of her breasts.) Well, fair enough. (goes to sleep.)

Utan falls asleep. At the next day, Utan heads back to the mansion to see what the others were doing. But before he could do that, he sees his father.

Utan: That leaves me wondering where he's hiding. The scouters here are having static problems.

???: Your old place. That's where he is.

Utan: Huh, who said that?

He sees it was his father, Idris.

Utan: You? What are you doing here; you want to fight against me?

Idris: No, I have no reason to anymore. Utan, I'm afraid my time's up here; make sure that Maiya's ok. I wanted to see her again.

Utan: I will. But, I would like to ask you something.

Idris: What's wrong?

Utan: How did you die?

Idris: One of my arteries in my right arm was ruptured by gunfire from the enemies from Kuwait. I was expected to make a full recovery when I returned home; it was as my artery was a garden hose. Something caused it to get bigger. I died when I was just about to head to the hospital. My life was hanging in the balance to see her again; those twins she was carrying and most of all, you. I was cut away from it.

Utan: I was in denial that no one can take you down. I was wrong; even superhumans have their weaknesses.

Idris: Yeah, but you don't. It's in your hands now.

Idris leaves.

Utan: I understand.

Utan heads back to the mansion to inform the others. Before for he could, he sees that there was an angry mob standing outside at a television station in the middle of Fuyuki and Misaki. They were here because they were upset that they stopped showing FIFA World Cup on TV. After a few days, Utan's telecast alone was skyrocketing on TV and internet.

Utan: Huh?! What's this supposed to be?

Then he sees Saber, Satsuki, Sakura, Rider, Arcueid and Len.

Utan: What are you guys doing here?

He sees that the people outside were beginning to go crazy, that a young girl was knocked outside the picket line along with Kokuto Asaka. A security officer gets out his baton to beat her. Utan quickly comes to their aid, grabs the security officer, and breaks his arm. He was ready to fight against the other security officers.

Utan: You guys aren't security officers. How dare you attack these girls?

Security Officer #1: They went passed the picket line. We're just doing our job.

Utan: You're a bunch of fools. (checks to see if the young lady was alright, unaware that it was W-Len.) Are you alright, young lady?

W-Len: Hi.

Utan: Len? What you doing here?

Then, someone comes out of the building along with two security officers. It was Zeke.

Utan: Huh? (he notices that he looked somewhat familiar.)

Zeke: You're Utan Enhada?

Utan: (mispronounced his name.) Yes. It's Utan.

Zeke: Ok, I'll keep that in mind. I've been expecting you.

Utan: You have? Why?

Zeke: It's amazing how you and your friends that you've brought along were able to make this reality show that we've been able to produce have some high ratings. Especially you, Arcueid.

Arcueid: Huh? (he sees that he was looking at her breasts.) Hey - - -

Utan: Ok, that's enough. So, do you want me to come inside?

Zeke: You'd be delighted if you did. I guarantee that you won't be disappointed.

Utan and Zeke go inside. When they went inside, the security officers attempted to attack them. But they declined when they saw Arcueid and Rider look on their eyes. But one of the officers was becoming fond of Rider.

Rider: I suggest you get your hands off me, if you know what's good for you.

The officer got his hands off Rider; he was becoming scared of her. Inside, Utan was amazed to see how perfect this facility was.

Utan: Yeah, that's nice of you to show me this place, Zeke.

Zeke: Do you like it?

Utan: Yes.

Zeke: Good. It's amazing how this decade's been transformed; too bad that I would be alive to see you become my successor.

Utan: Successor?

Zeke: I'm afraid my time is up here. I need someone who can possibly take my role as the owner and chief administrator here; that's why I've been expecting you. Hopefully, you can give these people here safety, security and trust. I've been able to do that for forty years, you can keep that tradition running for many years to come.

Utan: No, I'm terribly sorry. This isn't the place or time for me to do that.

Zeke: You do realize you're making a mistake. You could even become a guardian here in this area; you can even have the keys to Fuyuki and Misaki if you wanted to. But that's something that you've always lacked here, since day one.

Utan: What's that?

Zeke: Power and authority.

Utan: (feeling uninterested.) I have no need for that.

Zeke: Why do you have that power gauntlet? You happen to be the most powerful human being in this world; you can even have Japan within your grasp better yet the entire world with the power you possess. Why do you think these guardians here have been holding you back all this time to even realize that?

Utan: I haven't. I can be as ruthless as Ugoh but I chose not to become like him. I'm willing to help these people with the power that was given to me; he intends to take that away from these people for his own reputation to become THE man here.

Zeke: Ugoh?

Utan: I've been an outcast all this time thinking about the past. When I finally decided to return here to defeat the Angra Maniyu, it feels like I've become unchained. The past never even existed; I started all over with a clean slate. A power hungry bastard like Ugoh will never understand how much I suffered, how much I endured, and how powerful I've become without authority.

Zeke: . . .

Utan: I have authority in the battlefield, but not outside. And you want me to take that authority away from them? I wouldn't even think for one second that I could.

Zeke: Why can't you?

Utan: I realized it the moment I wanted to help these people recover after what happened six months ago. I was able to create a facility for Easterners and Westerners so that they could get along and unite without all the bias between them.

Akiha knew that this was going to get in the way of us protecting the city; she knew that I took things too personally - - - as much as her. No matter how hard I tried to reason with her, she stood by her decision.

Also, I wanted to fight alongside Rin and the others to defeat the Geminis and maybe Ugoh; despite the fact that we were close to being killed by Arcueid when I decided to fight her because I wanted to have them to stop fighting among themselves. I was able to save her and the others. She knew where I was mentally and physically, I needed to take a break from fighting.

So, she along with the other people that went along were able to stop the Geminis, without my help. She was concerned about where I stood defeating them whether or not Ugoh was going to fight them; she was also concerned about my well-being due to the fact that I have the power gauntlet.

And you want me to take that power and authority from them? It will take a million years for me to do that; I hope you understand that. I've been here to understand Ugoh's and your ways of living here; even if I don't look too old for my age for you to understand.

Zeke: That's because I don't; why do you wish to be their lapdog? Are you trying to please Arcueid?

Utan: (got a little angered when he mentioned Arcueid.) No. They govern themselves. You have some nerve calling me Arcueid's

lapdog. If you can't accept that, then I have a problem with what you're thinking.

Zeke: I'm sorry that you didn't want to accept my offer.

Utan: Look, I'd like to have your facility. But I see some of the people here are thrilled and upset that you're in charge of what they want to see on television, not the other way around. Just do the smart thing and leave us alone. (leaves.)

Zeke: Wait, Utan; you can't leave me like this. I beg of you; don't abandon me, please! (he was grabbing Utan's leg.)

Utan: You're not going to get to me like that, Zepia. I suggest you leave us alone. Come on; let's go.

Satsuki: Utan.

Utan: I SAID LET'S GO!!

Then someone within the crowd threw a rock that was as big as a softball straight to Zeke. It hit him in the nose and he was bleeding. It was Utari.

Utari: Take that!! You deserve to die!!! And I hope you burn in hell, motherfucker!!!

Utan & Utari: You!

Zeke: Kill them!!

The security guards come to arrest and apprehend Utan and the others. He was being clobbered by the batons they have. It wasn't like it was hurting him. When one of the security officers attacks him in the head, the baton broke in two. He punched that officer in the mouth; he ate his fist. And the other officers fell back and attacked him and the others. Utari was enjoying this.

Utari: That's more like it. I hope you got all this on camera, Len.

Len goes after W-Len and punches her; but before she could attack her again, Utari kicked her back to one of the officers. His baton broke as the officer hit her while she was airborne. Utan became really angry he lost control of himself. Everyone that was inside the picket line ran away; the security guards that were attacking her had every bone in their bodies crushed by him. Then some people, who appear to be Zepia's lackeys, were throwing rocks at him to make him even angrier while he was protecting Len.

Utan: I'M NOT GOING TO TOLERATE THAT FROM YOU IDIOTS!!!!!! LEAVE MY FRIENDS ALONE!!!!!!!!!! (he kills the officers. but one was alive and was holding Sakura with a knife to her throat.)

Sakura: No!! Let me go!!

Assailant #1: Don't take another step. I will kill you and her if you come any closer. (he was feeling a dark aura corrupting him.) What?

Sakura: (eyes turned red.)

Assailant #1: (he tries to escape. She held onto him to weaken him.) Let me go!!

Sakura: (the tone in her voice changed.) Tell me, how does it feel? How does it feel squirm in agony?

The assailant was dead. His skin was pale. Utan sees Sakura being possessed by her darkness, but passed out. He rushes to her aid.

Utan: Sakura. (sees that she's in pain.) Sakura!!! (sees that her left hip was wounded. Another assailant that saw that from those two and he had a knife that was covered in her blood. He ran away.) You!! (goes after him and grabs and pins him down on the ground, face up.) Why did you hurt her?

Assailant #2: I didn't do it. I SWEAR I DIDN'T DO IT!!!!

Utan beat that assailant without saying anything. Len and Arcueid were able to calm Utan down, but his face was messed up that the "movie" camera could focus in on him.

Arcueid: Utan.

Satsuki: Utan!! (comes to his aid.) Utan, are you alright?

Utan: No. (sees Len and Sakura down and out and carries them.) Let's go home.

Zeke: SEE THAT?!! YOU WANT TO KNOW WHY YOU'RE STILL A LOST ODDESSEY. AN OUTCAST? BECAUSE YOU FAIL TO ACCEPT HOW THEY --- THE PEOPLE ARE

Utan: (feels guilty looks at Asaka.) Once again, I apologize.

Asaka: It's alright. You saved Fujino, let me help you.

Utan: Thank you. (felt a sense of solace as he hugged Asaka.)

Zeke was screaming out the top of his lungs, blasting and downgrading Utan for what he has become. Utan heads back to the mansion along with the others to heal Len and Sakura. After a few hours, Utan calms down after what just happened.

Utan: So, how are things going with Fujino?

Akiha: She's fine. I think that you've been displaying extra concern for Fujino.

Utan: What? I am? I doubt if I show up there, she'll commit suicide. Besides that, you are coming along with us to defeat Uugoh and Zepia?

Akiha: If needed.

Utan: I thought so. We will attack at sunset. Where's Sion?

Akiha: I don't know where she is.

Utan: I see. (sees a vision of Fujino being killed by Araya by falling out of the hospital building. Becoming angered.)

Asaka: What's wrong?

Utan: Nevermind, I'll see if I can catch up with her. Bye.

Asaka: Wha --- Wait, Utan.

Utan was able to find out when this was going to happen. He had to go to the hospital as fast as he could to save Fujino from being killed by Araya. Meanwhile back at the hospital, Araya appears.

Receptionist: How may I help you?

Araya: I would like to see one of your patients. Her name is Fujino Asagami.

Receptionist: Who her? She's already got some vistor's there. You'll have to wait.

Araya kills the receptionist. Then security tried to detain Araya, but he killed them all. Touko was able to sense his presence.

Komane: What's wrong?

Touko: He's here.

Komane: Huh?

Ivan: It's Araya, Komane.

Komane: Where is he?

Then, they hear Fujino screaming she fell down the building. Luckily, Utan was able to make it in time to save her.

Komane: Fujino!! (she was shocked to see him do that. became really angry at him.)

Touko: Komane, don't do anything foolish. (Komane slaps her. she was losing control over herself.)

Maiya: No. Komane wait.

Komane goes after Araya in that state. Maiya sees that Utan was able to make it here. Utan and Maiya had to stop Komane from killing those innocent people. Araya was able to escape. Utan uses the Goshi Yume Dan to knock her out. Unfortunately, it wasn't working. So, he chops her right side of her neck with his forearm to knock her out.

Utan: Great. Now where did he go?

Maiya: He escaped. (sees Komane.)

Utan: Sorry. Let's take her home.

He sees news reporters heading into the hospital Utan quickly ran to Rin, Touko, Fujino, and Ivan to get them out of there and head back to the mansion. He heads into his room to get all of his created weapons out for Komane and Michaelis to get. But, he saw Sion.

Utan: Sion?

Sion: What are you doing?

Utan: Getting out some weapons so I can kill this idiot. Where have you been? You didn't even notice that he was staging those attacks weren't you?

Sion: You're going to need a lot more than that, Utan.

Utan: What do you know? You have no idea who we're fighting against here!

Then, someone knocks on the door.

Utan: Come in. (sees that it was Rex.) Rex?!

Rex was out cold.

Utan: Go get me some help.

Sion: Why should I?

Utan: (becoming angered and slaps her. he was shocked to do that to her.)

Sion: (holds her cheek on her face.) Yes, you do need some help. I'm leaving.

Utan: No, Sion, wait. (slams the door in Utan's face.)

Rex-III: Leave her, Utan.

Utan: You know where's Uugoh hiding?

Rex-III: Yes. He's using your facility as a camp.

Utan: I knew that was going to happen. Nathan and those two maids that he's kidnapped, are they alright?

Rex: Yes, they're alright for the time being. He's also using your sisters as scapegoats for his arrival.

Utan: What? (grabs him.) Where is he?

Rex: I didn't want any of this to happen; I tried to stop him.

Utan: Yeah, It worked out pretty well. I guess I have no other alternative but to kill him now. He's totally insane to think that Zepia going to use them as vessels.

Then Rider, Caster, and Satsuki enter. They were shocked to see an intruder.

Utan: It's alright, he's on our side.

Rider: Who is he?

Utan: My mentor, Rex the third.

Rex: It's a pleasure to meet you. (then, he senses someone's presence.)

They felt the presences of D-Sakura, D-Saber, and Red Arcueid. But they were weaker than him.

Utan: (looks outside the window.) What an unkindly sight to see those three at this time.

Rider: Do you want me to come along with you?

Utan: Yes, but I'm fighting them. Make sure that Sion's safe while I'll lure those three out of the mansion.

Satsuki: Are you going to be alright?

Utan: Yes. (he gets on top of the roof and taunts them.) Come on!!

He was able to dodge Red Arcueid's attack and falls off the rooftop. When he landed, he kicks both D-Saber and D-Sakura away from them, so he can lure them away from the mansion, then Maiya appears.

Maiya: Utan!

Utan: Don't worry about me; help Rider and Satsuki go after Sion.

Maiya: Ok.

When those three were slowly gaining an advantage, Utan uses a binding spell to hold them in place. He had less than thirty seconds to activate the Shinkuu Hakai-Ha to blast them. But Ciel and Caren were in striking distance of his attack.

Utan: Great. (his binding spell was slowly breaking.)

They broke free from Utan's binding spell and attack Utan; but before they could do so, they were in his inner circle. A bunch of Utans appears before them with halcyon throwing knives and throwing stars.

Utan: It's over for you three.

It was like Utan and his clones were preparing for a firing session. After they were finished, they were frozen.

Utan: I hate making glass dolls. But whatever, at least they put up a fight. (destroys them and appears before Ciel and Caren.)
Let's go.

Caren: Where are you going?

Utan: I'm going to kill Zepia. (leaves.)

Ciel: We're going after him?

Caren: No. There's someone else out here; let's go after him.

Halcyon Gandr Renpatsu (Halcyon Gandr Firing Session) – whoever is within striking distance between him will be caught inside his inner circle, as a bunch of halcyon throwing stars and Gandr are being fired at them. Special thanks to Rin and Arcueid.

At Sion's location, she was at the park trying to get some space between Utan. Then she feels someone nearby. It was the tatari; she was angered that it took the form of her fallen friend, Riesbyfe Stridenburg.

Riesbyfe: Surprised to see me?

Sion: No.

Riesbyfe: Good. You'll end up dead just like me.

Meanwhile, Maiya, Rider, and Satsuki were searching for Sion.

Satsuki: Now where is she? I'm scared.

Maiya: You're now having second thoughts, Satsuki? You can go on ahead and go home if you're scared; you want to do the same, Rider?

Rider: No.

They hear gunshots being fired in the park.

Rider: I'm guessing that must be her.

Maiya: Let's go there.

Sion fires a bullet straight to her head.

Sion: Just stay there and die.

Sion's eyes were becoming sharp and menacing that you could see her pupils. Riesbyfe slowly gets up as she reloads her gun and tried to shoot Riesbyfe again. Then, Utan comes and holds onto her to stop her.

Utan: What are you doing?

Sion: Utan, let me go.

Utan: No. That's an image of your disgruntled past. Don't let it consume you.

Then, Maiya, Satsuki, and Rider appear.

Satsuki: Utan. Sion.

Utan: Please, Sion; I don't want to hurt you.

Sion: (was becoming angry at him. Her voice was becoming grim for Utan to hear.) Let me go, Utan.

Utan: Huh? (he was losing his grip on Sion.) Where's this power of hers coming from? (he sees that her eyes were turning red.) Huh?!!!!

Sion fatally scratches Utan at his left side of his face. Utan was bleeding, but it wasn't severe to a point that blood was spewing out of him.

Satsuki: Utan, no.

Sion stares at him with her red eyes.

Rider: (comes to his aid and kicks Sion away from him.) Are you alright?

Utan: No. (he slowly gets up, healing his injury.) That - - - Riesbyfe - - - Zepia, how could you?

Riesbyfe: Just to see your reaction. Those blood-filled eyes, her joy and anguish by the sight of her own blood, that's just what I wanted to see from her.

Satsuki and Utan felt that from her. Utan was becoming angry to see that Sion has that bloodlust. She was becoming enticed by Utan's and her own blood.

Satsuki: No, Utan don't - - - don't do it!

Utan: You sick bastard!! (was becoming enraged at Zepia/Riesbyfe and generates a weapon and rushes to kill her.) I'LL POUND YOU INTO A FUCKING PULP!!!!!!!!!!!!

His attack missed Riesbyfe. As you can tell Utan was slowly losing control over himself; when tried to attack Riesbyfe again, he almost took off Rider's head. He was able to stop his attack.

Riesbyfe: Why do you hesitate? You almost had her; you're willing to die even if you're willing to kill another person you care about, despite the fact she's not human?

Utan: No. (he lowers his weapon. then, Sion stabs him in the stomach and throws up blood.) Sion.

Riesbyfe: You have no need for power? If you intend to defeat me with that mentality, you deserve to die along with them.

Utan: (he became angered when she said "die".) Die? You're an idiot.

Riesbyfe and Sion were becoming angry at Utan.

Utan: I'm not going to die by the likes of you. (he grabs Sion's hand and gets it out of her stomach.) Sion isn't going to die by the likes of you. Nobody here is going to DIE by the likes of you.

Utan was able to get Sion's hand out of his stomach and blew her away from him with his airwave. Sion runs away from him. Maiya and Rider go after her.

Riesbyfe: Huh? That's impossible? How - - - WHY DON'T YOU JUST DIE?

Utan: I'm not dying; I refuse to.

Riesbyfe: Let me rephrase that for you.

Then, someone fires a bullet at Riesbyfe. It was none other than Idris.

Utan: Idris?

Idris: Utan, there's no time. Go.

Utan: But - - -

Idris: Just go. I'll finish her off.

Utan: Be careful. (leaves.)

Riesbyfe: You have any idea what you just did?

Idris: I know my place in this world. It's about time you've realized yours. (gets out his Dystopian Scimitar.)

Utan didn't even look back when his father and Riesbyfe were fighting to the death that ended in a draw. At Uugoh's location, he senses that Utan and Satsuki were coming to him.

Marty: He's coming. Antony, go ahead and kill him.

Antony: Yes.

Marty: I'm guessing I'm going to have to use your secret weapon against him, Kohaku.

Hisui: No don't.

Marty: What was that? I'm afraid you're going to have to speak up. (laughs.)

Hisui: If you kill him, I won't forgive you. He was your student, how could you?

Marty: (slaps Hisui.) Shut up.

Kohaku: Hisui! (Marty kicks her in the stomach.)

Marty: I got demoted because of him, MageCorps is gone because of him. It's about time I showed him what it's like to lose everything.

Meanwhile outside, Haruki and Ryutoma were trying to get the soccer ball that they left in the facility, only to be captured by some of the guards stationed in that area.

Guard #1: Hey, what do you think you're doing here?

Haruki: We came here to get our ball, sir.

Guard #3: As you can see this place isn't for kids like you roam here. So, get lost.

Haruki: Not without our ball.

Guard #4: Are we going to kill them?

Guard #2: No, let's bring them over to Ugoh. We're going to get some future members here in this organization.

Haruki kicks Guard #2 in the nuts. Then, guard #3 punches her.

Ryutoma: No, Haruki. You shouldn't be hitting little girls.

Guard #1: What's it to you? How would you like to see my size 13's when I kick you out?

Ryutoma grabs Guard #1 and throws him over to the other guards.

Ryutoma: I don't like it when you attack girls.

Guard #2: You got some nerve, boy.

Guard #4: You actually think you can take care of all of us? We happen to be bigger than you, boy.

Ryutoma: Yes, you're right but you're too stupid to do anything about it.

All the guards attack Ryutoma; but before they could do that Miyako appears.

Antony: Hmm, what's this? More of Utan's nonsense?

Guard #2: Antony, can you give us a hand?

Antony: Sure. Why the hell are you being beaten by these weaklings?

Guard #4: (sees Utan, Satsuki, and Arcueid. He was shocked and stupefied to see him.) U - - - U - - - U - - -

Antony: What?

Guard #4: Utan's behind you!!!!!!!!!!

Utan: (grabs him by the neck.) WHAT THE HELL DO YOU THINK YOU'RE DOING, ANTONY?!!!

Miyako: Utan! (sees that he was angry at Antony. One of the guards captures her and kicks him in the nuts.)

Antony was able to get Utan off him by kicking him while gets some space from him.

Antony: You even brought along the True Ancestor. Man, the commander would be pleased to see you, if only he was here.

Utan: I suggest you give up right now, Antony. We're killing the commander and you're about to join him.

Antony: You may have an edge, but you're not fighting against me. Vindicator, deal with these idiots.

Vindicator: Yes, sir.

Satsuki: Huh? You're running away?

Antony: Of course. (taunts Utan.) Hahahahaha!!

Utan: Get back here. (then Vindicator stops him by firing a handgun at him.) How dare you shoot us?

Vindicator: Of course. I'm not going to allow you to see the commander without a permit.

Arcueid: I got it right here. (she crunches her fists.)

Vindicator: I'm afraid I can't process that. (was able to avoid her punch. Then, she was kicked in the face by her and hangs off the railing from the bridge.) I expected nothing more from you; I knew my chances of defeating you all were slim. I got C4 on this bridge to slow you down. (she gets out a device to destroy the bridge.)

Utan: Let's get off the bridge.

Vindicator presses the red button on the device and blows up herself and the bridge. Luckily, he was able to generate a forcefield special thanks to Caster. Arcueid and Satsukj were safe along with him and made it to the other side of the bridge.

Haruki: Utan.

Utan: Go on back to the mansion and get the others here, ASAP.

Ryutoma: ASAP? What's that?

Haruki: As soon as possible. This fight here is going to be intense.

Ryutoma: Be careful, Utan.

Utan: I will. Go on ahead and aid them, Satsuki

Ryutoma and Haruki leave. Utan and Arcueid head inside to help Nathan, Hisui and Kohaku. He freed them.

Nathan: Utan, we have to get out of here and stop Araya at the other building.

Utan: Where's it at?

Nathan: The tower.

Marty: Well, Well, Well. What do have here?

Utan: Uugoh.

Marty: So, you've decided to show up - - - along with those two?

Utan: Yes. You are about to face justice for all the crimes you've committed.

Marty: I wouldn't be too sure about that. Let me introduce to you to your end; Come forth, Omega.

Utan: Our end?

Marty: It no longer belongs to Kohaku; it has some upgrades.

Arcueid: Now, you're borrowing her toy she was able to create. Ridiculous!

Marty: If you don't mind, I'm running late; you'll definitely enjoy fighting my augmented creation. Hahahahaha!! (teleports.)

Utan: Wait. I guess I have no other choice then.

Utan and Arcueid fight against Mech Hisui Omega. Meanwhile, Utari was in the middle of a 4-way road. He sees Asaka.

Utari: Hmm. Lady luck is definitely on my side.

Asaka: You.

Utari attacks her with the Shroud of Magdala and dodges. After a few attacks, she fires at him and his shirt caught on fire. As he was trying to get it off him, she kicks Utari in the face. Utari punches her in the stomach. But before Utari could attack her again, Asaka kicked him in the face again.

Utari: (he sees blood on his lip. He spits it out.) I'm starting to like that feisty attitude of yours. (Then, he sees Ciel, Caren, Sakura, Saber, Rin, Rider, and Maiya come to his direction.)

Maiya: I suggest you give up right now, Utari.

Utari: Oh, I'm so scared. (sees that Caren has the Shroud of Magdala as well.) I guess you want your towel back? Toooo bad.

(laughs.)

Caren: Enough!

Just when they were about to they forgot they were in his inner circle.

Utari: It's about time I showed you my ultimate technique to put you back in your place.

Utari vanishes.

Sakura: That attack again?!

Then, eight Utaris appear before them carry the same weapons as their opponents.

Utari: It's time for me to take you down a level with my Reality Marble. Mirror!! Mirror!!

Ciel: (feeling annoyed.)

It was all over for them when Lancer appeared and used the Gae Bolg: Death Flight. The eight Utaris in his reality marble were destroyed. Maiya was able to teleport them just in time out of his reality marble.

Satsuki: Komane!

Komane: Satsuki? Haruki? What are you guys doing here?

Haruki: It's terrible. Utan's in danger.

Maiya: Where is he?

Back to where Utan was. Obviously, they weren't doing any damage to it. Arcueid tries to punch it and she hurt her hand. Then, Mech Hisui gets out its chainsaw to attack her. Utan found out its weakness.

Utan: Huh? That's it! (he gets out a stone and throws it at Mech-Hisui.) Hey, boltbrain!! Why do you try to use that chainsaw against me? (he gets out another stone and throws it at her again.) Come on, you bag of bolts!! (Instead, it uses a mini-shotgun and fires it at Utan. he and Arcueid were able to dodge it. It comes to attack Utan with its chainsaw.) Arcueid, now!!!

Arcueid grabs the arm where she has the chainsaw and rips it off. Utan gets the mini-shotgun and rips it off and he uses the Houou Hisou Dan to penetrate through its steel frame. But he wasn't finished; he uses the mini shotgun and his phoenix bullet to blow the Mech-Hisui up into bits. The only thing remaining was its head.

Hisui: Utan. Are you alright?

Utan: No. (he kicks its head to the window. He sees his destination.) So, this is the tower he coming back from? (sees the sunset made it a impressive sight.)

At nightfall, there were some enraged people standing outside a broadcasting station. One of the people that were within the enraged mob was Akira, an innocent bystander. When one of the people went past the picket lines, the security officers beat them. W-Len was eavesdropping.

W-Len: Utari hasn't made it back yet? I'm guessing he got killed by Utan, again. (he sees Utan.) Huh? What is he doing here?

He tries to get into that building. As he got through the picket line, security came to apprehend them.

Security Officer: Sir, I'm going to have to ask you to head back.

As he touched him, Utan elbows him in the gut and sky uppercuts him. The other security guards use batons to beat him, but he grabs the first guard by the collar, jerked him down into the ground, and kicked him in the face. The other guard was ohko'ed by

him using the baton on his head and broke it in two. The last security guard was trying to punch him; he grabs his fist and crushes it slowly.

Security Officer #4: Let me go.

Utan: Sure. (he drives him into building and broke the glass to the entrance. there were shards of glass on his back.)

Man #1: Let's go get them.

As soon as that person when past the picket line, he generates a chilling aura to scare them a little.

Utan: I suggest you head back home.

Man #2: Yeah, right. That's some nonsense coming from your mouth, traitor!

Man #4: You lied to us!

Man #3: You're just jealous that you have open competition.

Utan: (becoming angered by them.) SHUT UP!! IN CASE YOU PEOPLE HAVE FORGOTTEN, THIS AREA HAPPENS TO BE A WARZONE. IF YOU WISH TO LIVE, I SUGGEST YOU HEAD HOME. NOW!!

Man #4: You actually think you can make us?!

Man #3: We heard enough of your lies! Kill him!

Akira comes out from the picket line to Utan to reason with the enraged mob.

Akira: Please listen to him. Can't you see that Zeke's leading you to a path of your own doom?

Man #1: Yes, we can see clearly. That man you believe in is nothing more than an outcast.

Man #2: Do you know what happens to vagabonds like him?

Akira: You're wrong. Utan isn't an outcast, he isn't evil, he - - - (cries.) he just - - - he just wants to be free.

Utan was feeling sympathy from Akira's tears.

Man #1: Lies!! Lies!!

Man #4: If you wish to die along with Utan, then so be it.

Utan: (he became insulted when he heard the word "die".) Die?

Some of the men came out to attack Utan. Most of them had steel clubs, and batons; some were unarmed. They were attacking Utan with full force and he didn't feel anything from them.

Utan: (becomes angered.) Die?! (Then, the person holding a steel club was just about to hit him. Until he punched his nose, everyone felt that.) Me, die? There's no way. There's just no way I could possibly die. (he was in denial.)

Man #5: (blood was oozing out of his nose and screams with bewilderment.) My nose, that son of a bitch just broke my nose. Why you - - - (he sees Akira come to him.)

Akira: Utan!! (she was tripped by Man #5.)

Utan: Akira? (Man #5 gets out his knife attempts to kill her, but he was able to stop him from doing that.)

Man #5: Get your hands off me. (he punches him. He wasn't feeling any of his punches hurting him.)

Utan: Why did you say that I could die?

Man #5: You're an outcast, the world doesn't need that - - - you're decaying filth for these people here; just die so we can live in peace.

Utan: (was still in denial when he was crushing both of his hands slowly. His grip on Man #5 was becoming stronger when he brought up his friends.) You called them trash?!!! TO ME?!!!!!!!

Man #5: (sees that Utan was getting angry at him.) Ahhhh. No. No, please don't.

Utan: WHY?!! WHY DID YOU CALL THEM THAT?!!!!!!

Man #5: I don't even know them. I don't even know them! Please, let me live.

Utan: NO, YOU'LL KNOW WHO I AM.

Man #5: Please, help me! I don't want to die!! I DON'T WANT TO DIE!!!!

The assaulters ran away from him. Utan ripped the both of man's arms off. Everyone ran away from the broadcasting station, except the security guards that firing at him. He fired at them with his Houou Hisou Dan. W-Len was petrified in fear when he killed his assailants. She had no choice but to retreat after seeing this from him. Inside the building, one of the guards here tried to inform Dudley. He enters the room with Utan's sister, Samari being chained and gagged; using her aura as tool to revive Zepia.

Guard #3: Dudley, Utan's here.

Dudley: Why are you up here to inform me? Go down there and take care of him!!

Guard #3: I don't know if you value life, but I would rather live.

Dudley: (manipulates him to go fall out of this building.) There's your exit, have a nice day in purgatory.

Guard #3: No, Dudley, stop!!

But then Utan appears.

Dudley: Utan!!!

Guard #3: Please, help me. I don't want to die.

Utan: Where's Zepia?!

Dudley: Wouldn't you like to know. You've already saved me a great deal of effort trying to kill you; Zepia is coming here and there's nothing you can do to prevent it. (eyes on Samari.)

That made Utan even angrier at him.

Utan: You lived long enough, Dudley.

Utan's eyes turned red all over. Dudley was killed by Utan after he tried to stab him with a knife; his immobilization magic was useless against him without his brother. He unchains Samari.

Utan: Our reunion's going to have to wait. Where's Kilitia and Ugoh?

Samari: They aren't here; he's bringing him back at the Schwein Hotel.

Utan: They are. (he sees Len.) Len, protect my sister. I'm going to kill Ugoh and Warakia, and free Sion.

Utan heads over to the Schwein Hotel to kill Warakia. Haruki and Ryutoma were heading to the Schwein Hotel but were stopped by Antony. He threw a halcyon star at Satsuki.

Ryutoma: Satsuki! Are you alright?

Satsuki: Yes, I'm fine.

Antony: Where do you think you're going?

Ryutoma: To the Schwein Hotel. You're in our way!

Haruki: Please, leave us alone.

Antony: You happen to be allied with Utan. (gets out a knife. (Colt Cutter)) So - - - (Then, Arcueid appears out of nowhere and kicks him in the face.) Who did that?

Arcueid: That'll be me.

Haruki & Ryutoma: Arcueid?!!

Arcueid: Go to the hotel; I'll deal with him.

Haruki: No, we want to fight him.

Ryutoma: She's right. We have to aid Master Utan; we have to go.

Satsuki, Haruki and Ryutoma leave. Antony was angry at her.

Antony: You just made a big mistake attacking me.

Arcueid: No, you're making one. Just do the smart thing and run away.

Antony: Run away? Yeah right. (tries to attack Arcueid with a knife.) DIE!! (but she caught his hand.)

Antony was knocked 20 miles away from her and broke traffic light, a couple of buildings and dies. Arcueid heads to the Schwein Hotel.
