

Chapter 19: The Aftermath: This Summer Is Finally Over

Two days later after the defeat of Tatar, Utan returns to the Tohno Mansion.

Utan: That was a great summer that I will never forget; I'd wish I could forget about the bad things that happened. Whatever; all I know, it's finally ending. Fall is coming and I can't wait. (he sees a full moon and goes on the rooftop to see it.) Too bad, the other people won't be able to see it.

Then, Satsuki and Len appears.

Utan: Len, what a surprise. (sees that she cuddling up to him.)

Satsuki: Isn't the moon lovely?

Utan: Yes, it is.

Satsuki: I like it when you hold me in my arms, Utan.

Utan: That's good. (Satsuki and Len sleeps nearside him. Thinking silently.) Summer maybe a bad luck charm for me, but it's definitely a female's season here.

The End Result

Zeke/Zepia/Warakia is dead. The Tatar no longer exists, but D-Sakura still resonates within Utan as a memory.

Ugoh is dead. MageCorps is now a defunct organization thanks to Rex Navarre III - - agrees to terms with the Alchemists. Ivan returns to America as the result of MageCorps being defunct.

Utari is still alive thanks to White Len. Now that Nanaya's dead, Utari is now White Len's familiar.

Utan, Komane, Len, Sion, Asaka and Satsuki are now working together.

The End.
