

## Chapter 2: Hell-0-Ween

Hours passed since Utan and Komane infiltrated Daisuke Aotomo's mansion, but someone else killed him. It was 8 AM the next day and Utan was sleeping in. Then, Kilitia appears to wake him up and keep him from sleeping in.

Kilitia: Utan, please wake up.

Utan: Go away. I had a long night.

Kilitia: It's 8 AM and you got stuff to do today.

Utan: And what? I'll wake up when I'll wake up.

Kilitia: Ok, you asked for it.

Kilitia sits on Utan and he wakes up.

Utan: Ok, Kilitia. I'm awake; can you get off me, please?

Kilitia: Yes. Thank you for responding.

Utan: You're welcome. (gets up from his bed.) Other than me picking up Fujino from the hospital, you want me to do anything else for you?

Kilitia: Not at the moment.

Utan: Figures.

After Utan takes a bath and gets dressed, he heads downstairs to see the others in the kitchen. Komane, Samari, Kilitia, Hisui, Kohaku, Miyako, Maiya, Caster and Nemo Uga were there.

Utan: Hello, ladies.

Nemo Uga: So how did your scouting mission go? Were you able to defeat the mob boss?

Utan: We were able to stop him from escaping but someone else killed him.

Nemo Uga: I can't believe this. If I came along, I would have easily beat him up for you.

Utan: True. But you still have a lot to learn about how we do things here; you know the rules.

Nemo Uga: (getting mad.) . . . . .

Maiya: Ok, you two. That's enough.

Utan: I'm sorry, but I'm stating the facts of the difference of power we have. I'm a demon-vampire hybrid and Nemo Uga's just a human.

Samari: Utan, please. Nemo Uga has been training with us and got power behind those punches and kicks; I wish you would had taught him how to generate weapons – he can be a bit stronger.

Utan: As if. He needs to control his emotions and harden his resolve before I can teach him those things. Besides that, does anybody want to come with me to pick up Fujino?

Kilitia: I can come with you.

Komane: Sure, why not.

Nemo Uga: What about me? Can I come?

Utan: My car has only room for five people. So sorry to disappoint you this morning.

Nemo Uga: Great. I guess I have to stay here and train, again.

Utan: Don't worry about it too much. Besides, you got my mom and Miyako to help you out this time. Ok, Miyako; try not to hurt him too much while I'm away.

Miyako: Don't worry; even if I manage to hurt him, Maiya and Caster can heal him if I go overboard.

Utan: Anyway, let's go pick up Fujino, ladies.

Utan, Komane and Kilitia head off to the hospital to pick up Fujino. When they arrived after driving through heavy traffic, the receptionist was outside along with Fujino and another person. (Zenith Ishtar)

Utan: Hello. So is Fujino alright?

Receptionist: Yes. The surgery was a success; we were able to remove the infected area of her intestines without any problems.

Utan: Who's this person beside Fujino?

Receptionist: Fujino's classmate at the Asagami Women's Academy, Zenith Ishtar.

Utan: Zenith Ishtar? Are you from India?

Zenith: How did you know?

Utan: A miseducated guess. Other than that, it's a pleasure meeting you.

Zenith: The pleasure's mine.

Utan: Ok, let's go back to the mansion. (sees that Kilitia was not there with them.) Where's Kilitia?

Komane: (sees Kilitia with some bath oils.) There.

Kilitia: Sorry to keep you waiting.

Utan: Did you paid for those things?

Kilitia: It's free and besides I'm running out of them thanks to Samari.

Utan: Look, it's alright. Let's go back to mansion.

Fujino: Are you sure?

Utan: Yes, it'll be fine. Akiha wouldn't mind having guests; it's better than being at the hospital.

Fujino: Thank you; you're so kind.

Utan: You're welcome.

Utan, Komane, Kilitia, Fujino and Zenith drove back to the mansion. When they got back from the hospital, there was another SUV parked outside the mansion's gates. It was a Jeep Grand Cherokee.

Utan: What the hell's a Jeep doing here? (sees that it was blue. It belonged to Mr. H.) Mr. H's here.

Utan and the others entered the mansion and see Mr. H.

Mr. H: Hello, Utan.

Utan: Hi, Mr. Mason. Why are you here? Did you come here to pick up Nemo Uga?

Mr. H: Not actually. I was just visiting and holding a Halloween party here.

Utan: Halloween party? For what?

Mr. H: To celebrate your victory against Commander Ugoh; your allies are also invited, as well. You should feel proud that you dealt with him with those firm hands of yours.

Utan: He had it coming to him; his greed and ill heart ended up killing him in the end. Where and when are you holding this event?

Mr. H: Sunday at the waterfront – your favorite place to hang out.

Utan: Fine with me. Anyway, be careful out there getting everything ready up there.

Mr. H: I will. Well, I guess I have to be going now. (gets up and heads to the exit, but sees Akiha and Shiki Tohno.) What a surprise.

Akiha: What are you doing here?

Mr. H: I'm just checking up on my business associate; not to mention, I'm holding a Halloween party at the waterfront this Sunday. You're invited to come if you want to. I'll see you guys there. (leaves and runs into his Jeep and drives off.)

Akiha: (stares at him funny.) . . . . .

Utan: Hi, Akiha.

Akiha: Do you mind telling what's going on? Who are these guests you're bringing in?

Utan: That was my financial advisor, Lionel Heyward-Mason. These two are students of the Asagami Women's Academy.

Akiha: I see.

Utan: Do you want to talk about this in the kitchen?

Akiha: Sure.

Utan and Akiha enter the kitchen.

Akiha: Explain yourself.

Utan: I wish I could. Other than that, Fujino's surgery was a success and she has no place to stay. I was wondering if you could help her and her classmate out.

Akiha: Fine by me. Just remember to ask me the next time you want to bring guests in and out of our mansion.

Utan: I will. Sorry for troubling you, Akiha.

Akiha: It's alright.

Utan heads back in his room and sleeps. The next day, it was 10 AM on Saturday and Utan slept in again.

Utan: (shocked.) 10 AM?! Where is everybody?! (sees that Arcueid was sleeping beside him.) Well, whatever. Enjoy your nap, Arc.

Utan heads to Sakura's house but she wasn't there. Rider was.

Rider: Utan?

Utan: Where's Mr. H?

Rider: I think he's in Fuyuki City attracting some people to come to his party. He also has Caster and Maiya helping him out.

Utan: What?!! Gee, thanks a lot, Rider. I guess I'll see you at the event. (leaves.)

Utan heads into Fuyuki City to see what Mr. H was doing. He was shocked to see Maiya and Caster in their tennis outfits.

Mr. H: What a surprise! How nice of you to join us.

Utan: What are you doing? You couldn't wait until Sunday for the event?

Caster: It's alright, Utan. Besides, you need to have a day off training.

Maiya: Come on, Utan. Join us.

Utan: Mine's well; it'll take a lot off of my mind.

Hours passed since Utan and the others were sponsoring Mr. H's Halloween party. It was 6:55 PM and Utan was sitting outside at the waterfront meditating Indian style. Then, Kohaku appears to see what he was doing.

Kohaku: Hi, Utan. Why aren't you inside with us?

Utan: Just gathering myself for this event, that's all.

Kohaku: Sure you are. Why aren't you in your Halloween costume?

Utan: I am in my Halloween costume: I'm the #1 draft pick from Hawaii, Utan M. Enhada.

Kohaku: What does the M stand for?

Utan: Mako. Is it 7 PM yet?

Kohaku: It is.

Utan: Ok, let's go inside.

Kohaku was not amused with what Utan had on, but she didn't mind. Hours passed; it was 8 PM and Utan gets some cookies.

Utan: These are some good cookies, girls. Who made them?

Hisui: Sakura made the ones that you picked up.

Utan: Good job, Sakura.

Sakura: Thanks.

Then, Utan accidentally bumped into someone as he was excited by Sakura's compliment. It was Akisora Michiba, a member of the Steel Blossoms and she was wearing a light grey Playboy bunny outfit, black opaque tights and white high heels.

Utan: I'm sorry. (sees that it was Akisora.) Akisora? What are you doing here?

Akisora: Why else? I came to see how you're doing; is that a problem? Next time, watch where you're going.

Utan: I said I was sorry.

Then, Nemo Uga appears.

Nemo Uga: Who's this? (smells wild hyacinth from Akisora's perfume.) Something smells good.

Then, Nemo Uga had his face between Akisora's breasts. She was shocked to see him do that. Utan was able to subdue and render him unconscious. Then, Jasper and Hisui carried him off.

Utan: I'm so sorry about that. Did you have wild hyacinth in your perfume?

Akisora: Yes, why?

Utan: Whenever you have wild hyacinth in any perfume, Nemo Uga goes into a drunken state whenever he smells that.

Akisora: I'll keep that in consideration. I came here to congratulate you for bringing down Daisuke Aotomo and helping Kei Amano out.

Utan: No problem; that's why I'm here. Kei Amano was the schoolgirl that I saved on Thursday?

Akisora: Yes. She lost her parents when she was twelve years old and had a troubled past like you had.

Utan: I see. Do you want me to see her?

Akisora: Of course. (gets her invitation out of her breasts.) Anyway, here's my card; make sure that the guards of our meta-human facility this. They'll let you in without any complaints.

Utan: (looks at her invitation in disgust.) Ok. I'll guess I'll see you tomorrow then.

Akisora: Bye-bye. (blows a kiss at Utan and leaves.)

Then, Komane appears.

Utan: Girls sure have been stockpiling on some Vitamin D here.

Komane: Who was that?

Utan: Our dear friend, Akisora Michiba.

Komane: Oh, her. What does she want?

Utan: She wants me to see Kei Amano. I can't believe she's a member of the Steel Blossoms.

Komane: She is something special; Rex was able to give her a chance to redeem herself.

Utan: Do you want to come along with me tomorrow?

Komane: No, I got some stuff to take care of.

Utan: Ok; go on enjoy this party.

Meanwhile ten miles outside the waterfront, four low-leveled vampires were getting hungry. The leader was getting annoyed at them complaining.

Low-Level Vampire Leader: Will you idiots shut up? I don't know why you're complaining.

Low-Level Vampire #2: You know why; it's because of that Utan guy. That stupid monkey's always saving those people and we had to flee too many times.

Low-Level Vampire Leader: And that's bugging you? Come on, man; you worry too much. You're going to have a heart attack.

Low-Level Vampire #3: (sees a woman.) Boss, look. A woman.

Low-Level Vampire Leader: See, I told you so. What are we going to feast on?

Low-Level Vampire #2: I say her blood; I'm getting a little thirsty. Are you with me?

Low-Level Vampire #1, #3 and Leader: Yeah.

The low-level vampires ambushed the woman but they were unaware that she was a Church official. (Juri Haran) The woman fought them and brutally beat them up. The leader was shocked to see that from her.

Low-Level Vampire Leader: Who the hell are you?

Juri: That's none of your business. Where's Utan?

Low-Level Vampire Leader: I don't know where he is, but we're the ones that will take his life. So, fuck off!!

Juri grabbed him, broke his neck and punched him straight in the face.

Juri: Yet another waste of a life. I guess I'll handle this tomorrow.

Juri Haran – another one of Yugri's students and a member of the Church. She has long black hair, dark teal eyes and wears a black jacket and black loose-fitted pants.
