

Chapter 5: Enter Omega-3

Hours passed since Mount Hermes brutally beat up Touko. The next morning, Utan got up early and see a newspaper article saying that Touko was killed in her own studio. Utan was not surprised to see that.

Komane: What's wrong? Aren't you surprised that Touko was killed?

Utan: No, I knew it was going to happen. She had a bad heart towards me; but still, her death was unfair though.

Komane: Unfair? Why? You wanted to kill her?

Utan: No. I'm sorry that I even said that.

Then, Maiya Uzuki, Kilitia, Samari, Fujino, Azaka and Zenith appeared.

Utan: Did you hear the news about Touko being killed?

Azaka: Yes. What are we going to do now?

Utan: I'll investigate what happened to her. I need to see if they took something else other than the dolls she had. Speaking of that, it wouldn't hurt to get another doll to bring someone back into the frontlines of bringing down these executioners.

Caster: Who?

Utan: Shirou.

Maiya, Kilitia, Samari, Azaka, Caster: What?!!!

Utan: Why are you guys surprised? It was only a matter of time; let's go there immediately.

Caster: Are you sure you want to go through with this?

Utan: Like I have any other choice; by the time I search for what happened in Touko's studio, I'm sure Judas will bring back his squad from the dead along with a powerful enemy I'm not so sure about. We need strength in numbers.

Maiya: Why not go after Judas?

Utan: We will. Who's with me on the search?

Hours passed since Utan spoke with the people in the Tohno mansion. It was 9:30 AM. Utan and the others arrived at Touko's studio and the police were there also.

Police Officer: I'm sorry; you can't pass through this line.

Utan: I just need to see something real quick.

Police Officer: Ok, I'll let you in; you got three minutes.

Utan entered the studio and sees if the Jeweled Eye was in her cabinet and it was. Utan quickly left the studio.

Utan: Ok, let's go back to the mansion, guys.

Meanwhile at Judas's location, hours passed; he and his crew, consisting of Artemis, Kaguya, Mount Hermes, Jinrai and Jinrei, were able to bring back 20 of Omega-3's squad to life; all that was left was Omega-3. Back at Utan's location, he and his crew consisting of Akisora, Saber and Ciel, were trying to locate Judas but Utan felt an abnormal surge from his Time and Space gem. They were trying to revive Omega-3.

Ciel: What's wrong, Utan?

Utan: We have to get to Judas immediately; he's reviving Omega-3.

Utan wasted no time but to pursue the executioners. It was too late; Omega-3 was revived. Utan was shocked to see him alive and he looked exactly like him but his hair was white and his skin was white.

Omega-3:

Ciel: It's you. Why have you come back?

Omega-3: To begin our new world order. You however are not worthy to be a part of this new world that we're going to create. Leave this place at once, if you wish to live.

Utan: That's not going to happen.

But before Utan could approach him, Omega-3 drew out his icy javelin and impaled him in the stomach. (Ice Bane) Utan was feeling blue in the face and stunned that he was struck by him. Saber tried to attack him and broke the ice spear but she was kicked in the face and she flew to Akisora and Rin.

Hermes: Good job, Lord Omega.

Omega-3: Thanks. (looks at Ciel.) I suggest you stay away from us - if you don't want to end up like Utan.

Ciel: What are you planning, Omega? Why did you attack Utan?

Omega-3: You'll find out soon enough. Let's leave this place. (leaves along with Mount Hermes.)

Utan was unable to get up after Omega-3's attack. So, Akisora and Saber had to carry him back to the mansion.
