

Chapter 7: Envious Power

Utan considered Caster & Lancer's words of survival here. Now, he's searching for a young lady named Illya, the first person he saw here; hoping that she would help him find the person controlling the Angra Maniyu and kill them. Utan was on top of the balcony of 2-story building at almost 3:00 p.m.

Utan: Caster said she was going to appear here within the next hour. It's 2:35. (Gets out some binoculars and sees if she's anywhere in sight. Within 10 minutes, she's been spotted; she's heading into the building.) Found her. (He puts up his binoculars and hurries downstairs to get Illya.)

Illya: (sees Utan.) Right on schedule. (She runs away.)

Utan: Wait. Illya, wait up.

Utan chases Illya all the way to a park. She disappeared when he entered the park.

Utan: Huh, now where did she go? Come out, Illya. I just want to talk to you about the Angra Maniyu, that's all. (He hears the schoolbell ring.)

Illya: Gotcha. (She touches Utan and transforms him into a doll.) You're so gullible. You would make an excellent addition to my collection.

Illya heads home.

Meanwhile at the school, everyone gets ready to go home after school is over.

Shiki: Well, have you calmed down yet?

Akiha: Yes. I'm feeling exhausted.

Ciel: I managed to restore the boys' senses. They should be ok by tomorrow.

Shiki: Fair enough. See you later, Ciel.

Ciel: You too, Shiki.

Akiha: (feeling annoyed as he looked at Ciel.) Let's go already, Shiki.

Illya heads back home (which is a castle) carrying a doll of Utan. She was able to arrive when her guards were busy tending to her servant's wounds. (Beserker) She puts Utan in place other dolls that she collected in her room. When she was done with that, she went to see her servant. Utan was able to break free from Illya's doll transformation by using the mind, time, and reality gems from his power gauntlet.

Utan: (thinking silently.) I don't play with dolls. Now, I need to get out of here.

Utan opens the door slowly, sees one of her guards appear in his sight, and shuts the door (Sella).

Utan: (Thinking silently.) What?

The door opens and Utan hides in the dolls on the floor.

Sella: I can sense you're hiding in here.

Utan: (Thinking silently.) Now what am I going to do? Do I attack or stay put? I'm positive that Illya wouldn't let these guards attack me.

Sella: I'm ordering you to come out of hiding, wherever you are.

She uses a spell to bring Utan out of hiding.

Utan: Great. (Hurries up out of Illya's room.)

Sella: You can't escape.

Sella uses a spell to throw Utan to a wall and he passes out.

Then another one of the guards enters Illya's room. (Leysritt)

Leysritt: What's going on?

Sella: An intruder was spotted. Please help me dispose this rodent.

Leysritt: Is that person Iris was talking about?

Sella: It doesn't matter. Our priorities are to protect this mansion and the Eizenberns.

Leysritt: Even if you're willing to dispose of him without the Eizenberns' permission?

Sella: Ok, tie him up. Illya has a lot of explaining to do.

Then 20 minutes after, Utan regains consciousness only to see that he's been tied up.

Utan: What? (tries to get free.) Where am I?

Sella: You're in our mansion.

Utan: Yes, I forgot. Also, my name's Utan Enhada. Where's Illya at?

Leysritt: Why do you want her?

Utan: I wanted to ask her a few questions about the Angra Maniyu.

Iris: The Angra Maniyu? I'm sorry; you won't find any of them here.

Utan: Illya?

Iris: Illya? Sorry, we haven't met yet; my name is Irisviel Von Eizenbern.

Utan: Irisviel?

Irisviel von Eisenbern, the mother of Illyasviel. She happens to be the four inches shorter than Utan.

Iris: Correct. Therefore, I heard you managed to defeat an enemy using an axe sword a couple of nights ago.

Utan: Yeah. (Thinking silently.) How many people were actually seeing my fight with SHIKI that night? (Speaks.) How were you able to notice?

Iris: We were able to trace your energy.

Utan: You happen to be a master; I was wondering what Illya said something about Berserker. Who's he?

Iris: Illya's servant.

Then, Illya enters. She was surprised to see Utan.

Illya: Huh, my doll's alive.

Utan: I managed to regain my form, you little brat. Why did you turned me into a doll?

Iris: You managed to negate my daughter's magic ability. How?

Utan: That caliber of magic is worthless against me, thanks to the power gauntlet.

Illya: Power Gauntlet? (she touches the gauntlet.) Ohhhh!

Utan: Yes, I am the wielder of the most dangerous accessory known to man, The Power Gauntlet. It was designed to slay the evils of humanity and negate the ability to be killed or harmed by anyone or anything - - - (looks at Illya.) especially magic.

Iris: I see. We can use that power of yours for an upcoming war here.

Utan: A war? I'm seeking to destroy the Angra Maniyu and I want find out who's releasing these creatures in my homeland. Why should I help you?

Sella: (Attacks Utan.) How dare you speak to her that way!

Iris: That's enough, Sella! (Calms down.) It's called the Holy Grail.

Utan: What? The Holy Grail?

Iris: People have been after it. But most important, whoever obtains the grail will receive any wish.

Utan: Any wish?! Wow!! Well, I have no need for it.

Illya: Why not?

Utan: Because, my power gauntlet is the only wish that I could ask for.

Iris: Fine. However, you will become our servant.

Utan: Whoa! Whoa!! Your servant, is this some sort of a joke?

Iris: No. I'm serious. There have been many people like you roaming around the mansion trying to get the grail.

Utan: Why me? You have one of the most powerful servants. Where is Berserker at?

Illya: You have knowledge about him, but his power isn't enough. We need more.

Utan: No way; I'm not using my powers to help you. How can you expect me to be the same - as him?

Iris: This isn't an option; you will become our servant. If you refuse, we'll just have to kill you slowly and painfully.

Utan: Well, if you say so. I refuse!!!

Iris: You do realize you're making a big mistake, aren't you? (She gets one of her handcrafted origami shaped like a dart and throws it at Utan's left shoulder.)

Utan: Hahahahaha!!! What was that supposed to be? In case you forgot, your puny dart can't kill me.

Iris: True. However, we've been doing some research on your power gauntlet.

Utan: Huh? (He feels his left shoulder getting numb.) My shoulder, what did you just do to me?

Iris: I just got through infecting you with some of my poison. Due to a specific gem you don't have, you're feeling the effects but you can't die from it. If you become our servant, I'll give you the antidote.

Utan: Don't be ridiculous, Iris. You can kill me if you try; even with the power of this gauntlet, there's no way I'll become your servant.

Iris: (He gets more handcrafted origami shaped like darts out.) Have it your way then.

Utan is sweating heavily. Then, out of nowhere, an intruder (Rider) enters the house throwing stakes. One of the stakes hit Utan on his left shoulder.

Illya: Oh, no. (backs off from Utan and runs straight to Iris.)

Iris: Come near me, Illya.

Shinji: Thank you, Utan.

Utan: You!!!

Shinji: Who were you expecting?

Utan: Why are you here?

Shinji: Isn't it obvious? I'm here to obtain the grail conduits.

Utan: Leave Illya and Iris alone.

Shinji: It's payback for what you just did to me this morning. Kill him and the others, Rider, but leave those two alive.

Utan: (grabs the stake on his left shoulder.) I said you're not laying a finger on them.

Rider throws Utan around like a doll throughout the front room of the castle, while he's holding on to one of Rider's stakes. Angered with Utan's attitude with her, she throws him outside.

Rider: Damn that guy.

Shinji: Ha, so much for him. Let's do this.

Iris: Not here. Let's go.

Iris and Leysritt stayed to fight Shinji and Rider in order for Sella to escape with Illya.

Shinji: You're not going anywhere. (he summons the Angra Maniyu spawns.)

Rider: What are you doing?

Utan: (feels the unearthly presence of the Angra Maniyu from the book. He rushes back into the castle and destroys the undeveloped Angra Maniyu with the Kuuga. (Cloud Fang)) Shinji!!!!!!

Shinji: Back again? Why don't you just stay out of our business?

Utan: Those things you've just summoned are my business.

Shinji: What? You're determined to die, aren't you? Kill him, Rider!!

Rider attempts to attack Utan by throwing her stakes at him. He dodged them and as Rider came close to him, he punched her in the stomach and kicked her outside. Shinji was shocked to see his servant being beaten by a human.

Shinji: Rider.

Utan: Now, it's your turn.

Utan attempts to attack Shinji. As soon as he approached Shinji, he found a black dagger impaled into his chest. It came from a shadowy figure, looking like the grim reaper. (True Assassin - Hassan) Then, he threw him outside.

Shinji: Assassin, what are you doing here?

True Assassin: I was becoming suspicious about this young man's power. I showed up just in time.

Shinji: Oh, is that a fact?

True Assassin: Looks like we're done here for now. Let us go and regroup, master.

Shinji, Rider, and the True Assassin left the castle. Leysritt was going after them.

Iris: No, Leysritt. Let them go; go outside and retrieve Utan.

Leysritt: Yes.

Leysritt went outside to get Utan in the mansion. However, Utan was gone; he disappeared without a trace.

Leysritt: He's gone.

Iris: I guess we'll deal with him tomorrow.

Iris leaves to rest. Meanwhile, Illya along with the guards is checking on the status of Berserker.

Illya: Is Berserker recovering well?

Leysritt: Yes. Tomorrow, he'll be ready.

Sella: Let's rest for now. (She and Leysritt leave.)

Illya puts her index finger on Berserker's axe sword and cuts herself.

Illya: (licks the blood on her index finger.) Mmmm. This is delicious. Tomorrow, Utan will witness our power, Berserker.

Kuuga (Cloud Fang) - Utan can generate airwaves from his weapon. But, he had to be one with the wind.

At 7 a.m. the next day, Utan found himself underneath a giant tree near someone's house and that he was covered in a red shroud.

Utan: (wakes up.) Where am I? Now I remember; Iris infected me. I have to find an antidote for this. I can't die from it but can slow me down.

Sees someone walk out of the house, Utan hides himself in the shroud and sees that it was Ciel.

Utan: (Thinking silently.) Ciel? How did end up all the way here? I thought I was at the white castle.

Ciel: (Sees a red shroud.) What's that doing here?

Utan: (Thinking silently.) I was found.

Ciel picks up the shroud and feels that someone is near her.

Ciel: Who's there? (pulls out a black key.)

Utan: (Thinking silently.) Lucky for me. Thanks for these gems, I can become invisible. There's no way Ciel could see me or even trace my movements.

Utan attempts to escape. Before he could do that Ciel was able to locate where he was and throws a black key at him. He reappeared when he knocked the black key away from him with his right hand.

Ciel: You!

Utan: I'm not surprised to see you. How were you able to find me?

Ciel: I've been doing some research on your power gauntlet. I also managed to find the schoolboys that you put under hypnosis and restored their memory.

Utan: Well, I hate to break it to you but I have to get going. I found something while I was out, I must find the other grail conduit before someone else does to augment the Angra Maniyu.

Ciel: You're still searching for the Angra Maniyu even after everything I just told you?

Utan: Yes, Ciel.

Ciel: You're too reckless. Please stay here for the time being and recover.

Utan: I'm reckless but I'm not that reckless. I also ran into a young man named Shinji and he - - -

Ciel: Shinji? You attacked Shinji?

Utan: No, why?

Ciel: He's under the Church's protection.

Utan: (enraged.) WHAT?!!!! WHY?!!!

Ciel: . . .

Utan: Ok. Why are you helping this boy? I saw him assault another young lady. Who knows what would have happened if I didn't show up stop him.

Ciel: I realize your concern. However, I'm following orders from the church.

Utan: Your church is a joke. Your holy water isn't going to work on a covetous, arrogant bastard like him.

Ciel: Covetous? You're no better than he is.

Utan: That's because I'm not. (felt guilt.) Well, I'm done talking to you about this.

Ciel: It's not like Shinji's a bad person. Everyone deserves forgiveness, even you Utan.

Utan: Sorry. I was wrong.

Ciel: Oh, it's almost time for me to go to school. I have to go, please stay out of trouble.

Ciel leaves to go to school. Utan remains in this area, obtain any possible materials that Shinji may use to augment the Angra Maniyu's power.

Utan: Nothing useful here. Ok, have to go get some breakfast. I can't trace the Angra Maniyu's negative energy on an empty stomach.

Meanwhile near Sakura's house, Rin was looking up the window to see if Sakura was there. Then, Shinji appears.

Shinji: Hey, Rin.

Rin: Shinji. Why are you here?

Shinji: Isn't it obvious? I came here to see how you were doing.

Rin: I'm fine, thank you.

Shinji: Well then, are you going to join me?

Rin: No.

Shinji: This isn't an option. However, there is a new threat that could be trouble for you to obtaining the grail.

Rin: You?

Shinji: No, it's a man by the name of Utan.

Rin: Utan? Wasn't - - -

Shinji: No. Don't be blinded by what you just saw yesterday, I saw a different side of Utan last night. He wants the grail as well and he's sided with the Eizenberns.

Rin: What?

Shinji: Well that got your attention; now, are you going to help me defeat this threat?

Rin: No, I'll handle this matter without you present. I have to go.

Shinji: (enraged.) You're a fool.

Rin: (punches Shinji in the eye.) You're the one that's a fool. Now leave me alone.

Shinji: Get back here! (He grabs Rin.)

Utan comes out of the convenience store and sees Shinji grabbing Rin. He bags his breakfast and hurries to come to Rin's aid.

Utan: Hey you!

Shinji: (sees Utan.) Huh - - Utan. Utan?!!!

Utan punches Shinji straight in the face and picks him up.

Utan: (enraged.) You still haven't learned your lesson.

Rin: Why are you here anyway?

Utan: Sorry to disappoint you, princess. I didn't come all this way here to be your knight in shining armor. Besides that, he owes me big for what happened to me at the white castle.

Shinji: You're supposed to be dead; why are you still alive?

Utan: My gauntlet that I have negates death from the likes of you. (He clenches his fists.) How do you like to eat a knuckle sandwich for breakfast?

Shinji: (He looks at Rin.) Aren't you going to help me?

Rin walks away as if this never even happened.

Shinji: Don't leave me here. You can't leave me here with this guy. (Looks at Utan.) No!! Please don't hurt me!

Utan: Too late!

Then a woman wearing sunglasses, a black long-sleeved shirt, and denim jeans grabs Utan's right arm.

???: I'm afraid that won't be necessary. (She looks at Shinji.) I suggest you go to school, young man.

Shinji: Yes ma'am. (He runs away.)

Utan: What was that for? Do you realize what you just did?

???: Yes, I do.

Utan: You saw what happened; he attacked Rin twice. Don't tell me you're his bodyguard.

???: I am.

Utan: That voice, you're - - - (he attacked her knocked off her sunglasses and got kicked in the nuts.)

Rider: (looks at Utan.) Just do the smart thing and stay out of our way, OK? (walks away.)

Utan: Wait. (passes out.)

30 minutes have passed. A white cat is on top of Utan and licks his face.

Utan: Ahhh!!! (He gets the white cat off him.) Oh, it's another cat. Sorry little one, I got to go.

The cat follows him. After a few yards of walking, Utan was feeling uncomfortable with its presence and looked back to see if it was following him.

Utan: Ok, I guess I have to go to school and see if I can get to Shinji and Rin without exposing their double lives. Let's see if I can locate Rin. I hope that I can use these gems to get a strong signal if I'm near her.

Utan was using his gauntlet as a GPS and a tracking device. At school.

???: Thank you for repairing my television.

Shirou: No problem, that's what I'm here for. I'll see you tomorrow if you need anything else.

???: Ok, Bye. (leaves the room.)

This happens to be Shirou Emiya. The people here rely on him to fix damaged electronic devices, armors, and equipment when he's out of class. Along with him was another male student working along with him, Kawasaki Kaede.

Shirou: This is definitely a fine day. Wouldn't say so?

Kaede: Sure is. So you have any plans after we're done here?

Shirou: Just the usual. I just need to check if we have any more equipment to repair after this one.

Shinji enters the room. Kaede was in disgust.

Shinji: Shirou, may I speak to you alone?

Shirou: Yes.

Kaede: But he's busy; you're going to have to come back later.

Shirou: That isn't a problem; I can always come back to this.

Shirou and Shinji go outside of the room.

Shinji: I'm sorry for disrupting your work. I have some urgent news.

Shirou: No problem. What is this all about?

Shinji: It's about some major brutalities that have been going on around here in this area. It's all been caused by man by the name of Utan.

Shirou: Utan? Who is he?

Shinji: A psychotic. He's coming after me I don't know why.

Shirou: I heard he attacked you for harassing Rin.

Shinji: Well, that's not why he's after me. I am always in fear for my life, whenever I feel or sense his presence.

Shirou: Well, I'm not a police officer; I'm a student here.

Shinji: I not asking you to do something about this, I'm just telling you. Just keep a close eye on him; he may come after you as well.

Shirou: Why would he come after me?

Shinji: Who knows? Oh and one more thing, have you seen Rin around?

Shirou: No, she's been called sick.

Shinji: What?

Shirou: I was able to see a teal gem on her thumb along with some other colors.

Shinji: Colors? What other colors?

Shirou: Red, Blue, Aqua, and Purple.

Shinji: (shocked.) Purple?!!!

Shirou: What, is there something wrong?

Shinji knew that was a problem. He tries to keep a straight face when he heard that from him.

Shinji: No.

Shirou: Are you alright?

Shinji: Yes, I'm fine. It's been nice speaking to you. I have to go home. I hope I'll see you again. (He walks away.)

Kaede: What's his problem?

Shirou: He's warning me about someone.

Kaede: Who?

Shirou: Somebody called Utan.

Kaede: Why is he scared of him? I saw him attack Shinji when he was harassing Rin; he has no class whatsoever. He's making a ridiculous fan club and having an entourage of schoolgirls swooning around him every time we come to school. There are so many things I can use to describe him; he is a disgrace upon men.

Shirou: Don't be ridiculous. Shinji isn't a horrible person - he's just confused. Someone in America said "you shouldn't judge a book by its cover".

Kaede: And your point?

Shirou: I'd rather not talk about it. Let's go inside a repair some archery equipment.

Kaede: Fair enough. Do you intend on staying after school to finish the rest of the repairs? Because I'm getting second dibs for Ayako tonight for this brutal test I'm going to have tomorrow.

Shirou: Of course. That's what I'm here for.

Kaede: I'm glad to hear it. See you tomorrow.

A 4:45 p.m. all the people at the school were gone except Shirou. He's almost finished repairing some of the archery equipment the school was going to use. On top of the balcony, Rin finds out that she has gems on her right hand.

Rin: Where did all these gems come from? (Then, she notices one of the gems on her fingers matched her eye color.) Wait a minute, that's impossible.

Meanwhile where Utan was, he was able to locate Rin.

Utan: (got a signal.) Ok, found her. (runs to the school find Rin, generates the Tsukiyomi (Moon Comb) and throws them up the roof to climb up.)

Rin: (sees the stakes.) It must be him.

Utan: Hey, you're Rin aren't you?

Rin: Yes, I am. Why are you wearing that gauntlet?

Utan: So you know about my power gauntlet?

Rin: It doesn't belong to you. So, please hand it over.

Utan: You're mistaken.

Rin: Hand it over. Otherwise, I'll kill you.

Utan: I'm guessing it's the other way around; what is it with you schoolgirls picking fights against me anyway?

Rin shoots a projectile at Utan; it nearly misses him by a half a foot from his right side of his face.

Rin: Next, I'll aim for your head. Hand over the gauntlet; I know you're working for the Eizenberns.

Utan: You got some nerve. I saved you two times in a row from Shinji and you attack me for my gauntlet? (He slowly retreats as she's walks closer and closer to him.) See ya!! (He runs away.)

Rin: Get back here. (runs after Utan and shoots him again.)

Utan: (felt an increase in power from Rin's gauntlet, was nearby the door exit from the balcony.) Shit!!

He quickly opened the door and closed it so that Rin's projectile wouldn't hit him. However, the door was able to vibrate Rin's gauntlet and knocked him back. He falls downstairs and injures his left shoulder.

Utan: Ow. Damn her. And she would have to be on top of the balcony? (Sees Rin enter he begins run away and goes downstairs as quick as he can. He made it to the middle of the building. However, Rin sealed off the exit out of the stairway.) Oh no, it's locked. (He tries to open the door.)

Rin: It's really unusual for you to play chicken with an artifact like that, Utan.

Utan: (enraged at her mispronouncing his name.) It's Utan!!!

Rin: Whatever. I suggest you hand over the gauntlet right now and end this game of tag.

Utan: If you want the gauntlet that badly, come and get it. (generates a monoshizao and rushes over to Rin.)

Rin: Projection?

Utan's monoshizao broke when he attacked Rin. When it broke she shot Utan directly with her Gandr. He was knocked back from the stairway exit and out of the building. Without any hesitation, Utan quickly generated the Tsukiyomi and threw them up. He was able to stop himself 10 feet from the area where he was knocked back.

Rin: (Looks outside and sees Utan holding his broken weapon and he begins to run away.) Wait!!

Shirou: Rin? What are you doing here?

Rin: It was him. (Jumps out and goes after Utan.)

Shirou: Looks like this must be serious. (checks to see if anyone else was around.) Come forth, Saber.

Meanwhile where Utan was, he was trying to get some space between Rin by masking his aura with an edible gigai. This will enable him to use his invisibility spell so that the other holders of the gems couldn't deactivate it. This will last for three hours. At 8:30 p.m., he just got through eating a chicken sandwich from Burger King and was about to head to Ciel's house to stay in for the night.

Utan: (felt Rin's presence nearby.) Great. (Runs away from her but before he ran hundred yards away, someone in the shadows threw a rock at Utan. He knocked it back.) Who's there? (gets his broken weapon out.) You better come out!!!

Utan sees a female knight with emerald eyes and Shirou appear before him. (Saber) She attacks Utan without introducing herself.

Utan: (Thinking silently.) I can barely see her weapon. That cheater!!! (Speaks.) Seems like you're not going to introduce yourself; you must be a knight.

Saber: Yes, I am. I have no interest to introduce myself in a battle to the likes of you.

Utan: Some attitude you got. (taunts her.) Come on.

Saber attacks Utan. Utan was able to see her sword, he managed to grab the sword and lowers it down to the ground then he quickly raises his right forearm and struck Saber side of her neck. While she was hit, Saber cut his hand.

Utan: I'm somewhat impressed; using a cheap trick like that to fight against me.

Then, Rin comes out of nowhere and shoots Utan again. He managed to cut through her projectile. While he was distracted, Saber cuts off Utan's left arm. Saber, Rin and Shirou fight against Utan for a minute.

Shirou: (Thinking silently.) He's not an enemy. (Speaks.) Something's wrong with Utan. Stop fighting, you two.

Rin: What?

Saber: Why?

Shirou: Look at his wound. The blood's color is abnormal.

Rin: Poison? How did - -

Utan: Don't even ask. So are you 3 working with Shinji?

Shirou & Rin: What?!!

Utan: Don't play dumb with me. I heard your conversation about you working with Shinji to obtain the grail conduit.

Rin: This must be some kind of mistake.

Utan: Oh, could have fooled me. (He gets his left arm and puts it back on his body.) Now, where were we? (He senses Illya's presence.)

Illya: Hello Utan. I wasn't expecting you here.

Utan: I told you and your mother the answer is no.

Rin: Huh, what's this about?

Illya: It's none of your concern. I came here to fetch Utan, that's all.

Utan: My power gauntlet is off limits to covetous eaglets like you. Even I wanted to use this power for your personal gain, I wouldn't - in a billion years.

Illya: Is that so?

Shirou: So you poisoned him?

Illya: I didn't do anything. My mother did that to him by refusing to join us. (looks at Utan.) Please join us; we'll give you the antidote for my mother's poison.

Utan: I'm sorry. My goal is to seek and destroy the Angra Maniyu. I have no time to play with you tonight.

Rin: What? The Angra Maniyu?

Illya: Very well then, you brought this upon yourself. Berserker!!

Utan was surprised to see Berserker within a fist's range near him. He uses his axe sword to cut him in two. Luckily, Utan was able reinforce his body and block to avoid critical damage.

Shirou: Utan!!!

Utan: (holding his left shoulder.) Damn

Illya: (giggles.)

Shirou: He was unarmed. Have you no shame?

Illya: Of course not. I was going to ask you to be my servant along with Utan.

Utan: What's this, a 2-for-1 special at the white castle? You have an odd special for tonight.

Berserker attacks Utan and the others. After 1 minute and 40 seconds of fighting, Saber and Utan were getting tired. Berserker was pulverizing Saber and Utan was feeling the lingering effects of Iris's poison. Berserker was just about to kill Saber.

Shirou: No don't. (runs to aid Saber.)

Rin: Shirou!!

It was too late. Utan was unable to stop Shirou. Berserker slashed Shirou. Illya, Rin, Saber, and Utan were in shock.

Utan: You are so dead, right now.

Illya: Oh well, guess we're done here.

Utan: (enraged.) YOU'RE NOT GOING ANYWHERE, ILLYA!!!!

Illya: You had your chance to join us. You deserve to die along with him. I guess my mother would be pleased to have your head as a constellation prize. Berserker, kill him.

Berserker rushes over to attack Utan. He generates Berserker's weapon and slashes his torso in half. Illya was in shock.

Illya: No!!!

Utan: Once again, you've underestimated me. You thought that was the only weapon I have, huh?

Illya was slowly trembling when she saw him looking at him grimly with those red eyes.

Utan: It'll be a shame that your servant won't be able to protect you with his 4 lives remaining. So, just do the smart thing and leave while you have a servant to even protect you.

Illya: Fine, this isn't over, Utan. You'll have to come to us. It won't be eventually my mother's poison will slow you down in your journeys here. (leaves.)

Saber passes out.

Utan: Saber!

Rin: Utan. She's ok. (Looks at Shirou and becomes upset.) Shirou, you idiot.

Utan: You have no reason to be upset at him, Rin. I'm positive if he ran away, we all could have died. (He picks up Saber.)

Rin: Did you just say something about the Angra Maniyu?

Utan: Yes. I'll discuss why I came all this way here when we can find a place to put our wounded comrades.

Meanwhile in Akiha's mansion, Hisui just received a phone call from Ciel about Utan.

Hisui: Thank you. (hangs up the phone.)

Akiha: Who was that?

Hishui: It was Ciel.

Akiha: What did she want? Shiki?

Hisui: No, she called about Utan; currently, he's been spotted at another mansion.

Back at Utan's location, he gets ready to call it a night. He has nagging pain on his left shoulder.

Utan: (takes off his shirt and sees a red mark on his left shoulder. It was the same area where he was attacked 3 years ago.) Zoukenou.
